2201 Franklin Station Way, Knoxville, Tennessee 37916.

tobe.nwa@lecreativo.com

Lecreativo, Inc is an industry leading **natural gas & LNG exporter** and a **manufacturer of complex metal parts and structures for land, air, sea, and space**. We replace and restock metal parts and structures of **different shapes and sizes** with brand new ones **made in the United States of America** using **eco-friendly additive and subtractive metal manufacturing techniques**. Lecreativo, Inc. currently holds an active export authorization from the US Department of Energy.

Competitive Advantage:

- **Clean energy** (LNG produces 40% less carbon dioxide (CO2) than coal and 30% less than oil, which makes it the cleanest of the fossil fuels)
- **Eco-friendly manufacturing** (Metal additive manufacturing drastically reduces environmentally harmful waste)
- **Reduced lead-times** (Combining additive and subtractive manufacturing techniques reduces lead-times from months/years to weeks for large & small complex parts)
- **Reduced cost** (Due to the reduced metal waste from using metal additive manufacturing systems [metal 3D printers], our customers spend much less than those who patronize our competitors using traditional metal manufacturing techniques)
- **Made in U.S.A.** (We're focused on supplying energy, metal parts, and structures that are 100% made in the United States of America, thereby creating jobs and strengthening the energy and metal manufacturing industry in the country)

Unique Entity ID: YJ1KU4JTRU25

NAICS Codes (Top 7): 221210 (Natural Gas Distribution), **336411** (Aircraft Manufacturing), **336414** (Guided Missile And Space Vehicle Manufacturing), **336611** (Ship Building And Repairing), **336310** (Motor Vehicle Gasoline Engine And Engine Parts Manufacturing), **332312** (Fabricated Structural Metal Manufacturing), **333248** (All Other Industrial Machinery Manufacturing),

CAGE Code: 9FFL1
